Applying black press-on toenails is a straightforward process. Start by preparing your natural nails: clean them thoroughly and gently push back the cuticles. If necessary, lightly buff the surface of your nails to ensure a smooth application. Choose the right size press-on for each toe and apply a small amount of adhesive or use the pre-sticky tabs that come with many sets. Press down firmly for a few seconds to secure them in place. For aftercare, keep your toenails clean and moisturized, and avoid using harsh chemicals that could weaken the adhesive bond, ensuring your press-ons last longer.
